Application/Certification for Storm Water Management and Construction Erosion and Sediment Control

By completing this form and signing the attached form, the applicant hereby certifies that all information provided with the application will be in accordance with the current construction erosion and sediment control measure standards and in accordance with the City of Cold Spring Storm Water Manuals and agrees to the following:

1. To notify the City of Cold Spring in writing at least forty-eight (48) hours in advance of any land disturbance activity. Failure to provide such notification may result in additional inspection fees and fines.
2. To notify the City of Cold Spring upon completion of the Project. (NOTE: No certificate of occupancy can be granted until a report of compliance is issued by the City of Cold Spring and/or their duly authorized representative.)
3. To maintain a copy of the certified and approved plan on the project site during construction
4. To allow the City of Cold Spring and/or their duly authorized representative to access the project lands for inspection.
5. That any conveyance of this project or portion thereof prior to its completion will transfer full responsibility for compliance with the certified plan to any subsequent owners.
6. To comply with all terms and conditions of this application and certified plan including payment of all fees prescribed by the district fee schedule hereby incorporated by reference.

The applicant hereby further acknowledges that structural measures contained in the Storm Water Pollution Prevention Plan – SWPPP (Construction Soil Erosion and Sediment Control Plan) is reviewed for adequacy to reduce offsite soil erosion and sedimentation and not for adequacy of structural design. The applicant shall retain full responsibility for any damages which may result from any construction activity notwithstanding district certification of the subject soil erosion and sediment control plan. It is understood that approval of the plan submitted with this application shall be valid only for the duration of the initial project approval granted by the City of Cold Spring and/or their duly authorized representative. All municipal renewals of the project will require submission and approval by the City of Cold Spring and/or their duly authorized representative. In no case shall the approval extend beyond three and one-half (3-½) years at which time resubmission and certification will be required. Soil Erosion and Sediment Control Plan (SWPPP) certification is limited to the controls specified in the plan.
